

Meet Messiah Christian Church

In 1988, Messiah Christian Church was planted along the breathtaking Maine seacoast by our current and founding Pastor Dan Moore and his wife, Rosemary. Thirty-three years later, their vision for a warm, interdenominational church where people would grow into loving, mature and equipped disciples is still pursued through Messiah's generous, innovative and deeply entrepreneurial spirit.

Messiah sits on a gorgeous 22-acre piece of property and includes a sanctuary, classrooms, offices and a full-service gym and fitness facility. Messiah congregants live in the Wells area year-round, are summer residents, or virtual congregants reaching far and wide. At Messiah, we are diverse in our spiritual journeys and our interdenominational tradition embraces the many biblical faith backgrounds from which we come. We love our community through unique outreach initiatives, and, every week, over 250 people attend programs in our Recreation Center and this outreach remains one of our most effective evangelistic tool.

Our discipleship model has been in place since 2007 and has truly resulted in a strong foundation of mature, unified and missional believers with a clear vision that produced tremendous growth during the COVID season. We are continually challenged by our Pastor and our teachers to look inward, to grow and to apply the message of Jesus to our lives. Our mantra, "Where People Grow," stems from our hallmark life on life discipleship model where a mature discipler invests in the lives of a few in such a way as to see them become mature and equipped followers of Christ, committed to doing the same in the lives of others.

We believe that Messiah's foundational phase is complete. The church is grounded in its vision, mature spiritually and has an excellent reputation in the community. The physical space has been renovated, the programs fine-tuned, and the leaders trained and equipped for ministry. Now, we are asking God prayerfully to bring the next leader who He has selected to lead Messiah into its exciting next phase.
